1992 Suzuki GSXF600 Katana

condition: **fair**

engine displacement (CC): **600**

fuel: **gas**

paint color: **blue**

title status: **clean**

transmission: **manual**

I have a 92 Suzuki Katana 600 that needs some work after someone tried to steal it. It can be used as a parts or project bike. Passenger seat is for show, does not support passenger. Clean title ready to be signed over.

What it needs to run:

- new battery (\$30-\$60 depending on brand/type)
- new clutch cable (about \$12)
- new clutch lever (about \$20)

Not needed to run but useful to restore:

- replacement wiring harness (about \$40 on ebay) or soldering of cables to dash assembly.
- replace or reupholster seat.
- repainting.

The engine, trans, carbs, exhaust, and all other mechanical components are in great shape. It also has new tires on it (about 100 miles on them). E-mail or text with an offer. Will sell to first reasonable offer that comes to pick it up.
